

SIDER

ECORELEASE

OXYDRO

Description

EcoRelease is the natural choice for a concrete release agent. Made from a natural vegetable oil base, EcoRelease is non-toxic and prevents the development of air bubbles on the surface of the poured concrete. EcoRelease does not inhibit adherence of paints or coatings.

Use

EcoRelease is applied to non-porous concrete release forms.

Specifications

Density .82
Color Light yellow

Application Procedure

EcoRelease is ready to use. Simply apply with a hand sprayer or a rag on a clean release form. Allow 20 minutes before pouring concrete. EcoRelease may be applied during rain.

Packaging

5 gallons (20 liters) pail.
55 gallons (208 liters) drum.

Coverage

1500 f² (150 m²) per 1 gallon (3.8 liters).

Storage and Shelf Life

Shelter in a dry environment from direct sunlight, extreme heat, rain and freezing. Shelf life is one year in original sealed packaging.

Sider-Oxydro products are specifically formulated and designed to meet and exceed industry standards. Please refer to technical data sheets for specific installation instructions or contact Sider-Oxydro for application questions.
