

# Direct Applied Finishes

## Veneer Corner Beads

Product #	Product Size	Pieces/Box
4	2-1/2" x 2-1/2"	50
8' & 10' Lengths		

### ● Application: 4

Eliminates the need to wrap corner. Large perforations allow base material to flow through, and bond to substrate. Provides a straight, non-rusting and high impact resistant corner.

### ● Specification:

Corner Bead shall be Plastic Components, Inc. # 4. All exterior accessories shall conform to ASTM standards D1784-92 and C1063-94. They shall be used where specified by the architect and installed per industry standards and manufacturer's instructions.

Caulk all butt joints, intersections and ends.  
It is recommended that PVC products be used for all exterior exposures.
