

Stucco and Plaster

"T" Bar Casing Bead

Product #	Ground	Dimensions/Descriptions	Pieces/Box
1100	1"	"T" bar casing bead, 1-3/4" wide perforated flange designed for extra strength. Ideal for making corner coyns, pop outs and banding.	50
1125	1-1/4"		50
1150	1-1/2"		50
1200	2"		40
10' Lengths			

● Application:

To be used in any area where a banding/pop out or "icon" detail is desired. "T" bar design adds strength and will reduce the "waving" with the extra thickness of the stucco.

● Specification:

"T" Bar Casing Bead shall be Plastic Components, Inc. # _____. All exterior accessories shall be of PVC material conforming to ASTM standards D1784-92 and C1063-94. They shall be used where specified by the architect and installed per industry standards and manufacturer's instructions.

Caulk all butt joints, intersections and ends.
It is recommended that PVC products be used for all exterior exposures.
